Sudipkc

Profile

Motivated and creative UI/UX design enthusiast with a strong foundation in crafting user-centered web and mobile interfaces. Skilled in combining creativity with technical knowledge to deliver intuitive and visually appealing designs. Passionate about learning and growing in the field, with hands-on experience in app development, storytelling, and game design. Eager to contribute fresh ideas, adapt to challenges, and gain valuable experience while collaborating with a dynamic team.

Professional Experience

Ui/Ux Designer

Pokhara, Nepal

Collaborated as a UI/UX designer on a dynamic university project, contributing to the creation of engaging, interactive, and user-friendly interfaces. Played a key role in enhancing the user experience by designing intuitive layouts and ensuring seamless interaction, effectively supporting the team in delivering a polished and impactful final product.

Cook it yourself

Ui designer

Pokhara, Nepal

Designed the complete UI for an e-commerce app, including wireframing, prototyping, and creating visually appealing, user-centric interfaces. Focused on delivering an intuitive shopping experience by optimizing navigation, enhancing usability, and aligning with modern design trends to meet user needs effectively.

E-Commerce

Education

Software Engineering, Pokhara University

Pokhara, Nepal

Currently pursuing a degree in Software Engineering, focusing on developing a strong foundation in programming, system design, and software development to build innovative solutions and enhance technical expertise.

+2, Pokhara Aadarsha Secondary School
